

GENTING GRAND

The five-star Genting Grand Hotel is certainly the most iconic building at the resort with its crowned Genting trademark logo. Standing tall at its vast lobby is the priceless “Horse” sculpture by renowned Colombian sculptor Fernando Botero. Of the 422 rooms and suites, the 337-sq-ft Grand Premier room is much admired among guests with its cosy and spacious environment coupled with a king-size bed, a wardrobe with sumptuous storage, long bath and standing shower as well as amenities such as 42-inch Plasma TV, mini bar, safe-deposit box, and MedKlinn ionizer. Guests who prefer more exclusivity can opt for the Club Suite with 700-sq-ft space plus a walk-in wardrobe and two study tables to top it off. The hotel is also home to the prestigious Genting Club, where party-goers can dance and sing the night away as well as enjoy life’s great pleasure at the award-winning LTITUDE. Guests also have direct access to the Coffee Terrace, the all-day buffet dining restaurant where diners can savour a wide array of local, Japanese and European specialties. For those wanting a continental dining experience, The Olive serves fresh seafood, fine wines and their house-specialty Wagyu beef. The Genting Grand is also home to the resort’s spa, M Spa, where guests can indulge in a whole afternoon of pampering to relax and unwind.
