Aladdin and The Magic Lamp arrives on the Resorts World Genting stage ***The musical production uses state-of-the-art 3D holograms to astound audiences***

Genting Highlands, 10th March 2018 – A whole new world will be brought to life as the Aladdin and The Magic Lamp production takes over the Genting International Showroom stage at Resorts World Genting this month. Combining a live cast with state-of-the-art 3D holographic projections, the production by China's DT Kids Theatre will amaze and astound audiences with a spectacular showing of the classic Arabian Nights tale of a poor tailor's apprentice who discovers a magic lamp and the genie contained inside.

With its expertise in crafting cutting-edge technological stage marvels, China's DT Kids Theatre (part of the larger DT Kids multimedia group) has the pedigree to enrapture children between the ages of 4 to 12. The troupe focuses on bringing classic fairy tales to animated glory, with popular and long-running productions such as Finding The Wizard of Oz, Snow White, Pinnocchio and Adventures of the Monkey King: The Golden Hooped Rod, which was staged in Resorts World Genting last year.

Aladdin and The Magic Lamp was developed by DT Kids Theatre in 2015, premiering at the Shanghai Zendai Himalayas Art Centre. Produced by DT Kids Theatre chief director Zhang Yi and choreographed by Mic Thompson, a Disney dance production veteran that has shared the stage with Michael Jackson and Jennifer Lopez, the show is a visual tour de force. Zhao Zi Fu, actor and host and Yin Shi, with multiple musicals under her belt front the cast as Aladdin and Jasmine, respectively. Actors are aided by 3D projections that accompany their actions, from Aladdin hurtling away from a giant rolling fire boulder to the evil magician summoning colossal spears of sand to bringing the genie to wise-cracking life. Set to a script by screenwriter Yin Heng and music by Wang Lingyun, the 65-minute English-language with Chinese subtitles production is one that must be seen in person to fully appreciate.

Aladdin and The Magic Lamp begins its run at Genting International Showroom on March 9, 2018, playing until 25 March, 2018. The show plays daily at 8.30pm Monday to Saturday, with a 4pm matinee show on Saturdays. On Sundays, there is a single 5pm showing, with an additional 2pm show on March 11, 2018 only. Tickets are priced at RM86 (PS1), RM116 (PS2) and RM156 (VIP), with a 10% discount applicable for Genting Rewards Members. An additional processing fee of RM4 applies to all ticket purchases.

Exciting Happenings these School Holidays
