Legendary quartet powerhouse Il Divo to electrify fans at Resorts World Genting

Get set for a night of classics and latest songs off their upcoming album *Timeless*

Genting Highlands, 13 August 2018 – With over 30 million albums sold, 160 gold and platinum albums in 33 countries, Il Divo has risen to unimaginable heights since being discovered by producer Simon Cowell 15 years ago. The tenor powerhouse group acclaimed for their vocals consists of Urs Bühler (Switzerland), Sébastien Izambard (France), Carlos Marín (Spain) & David Miller (USA). With the male group's ability to effortlessly combine classical and pop music, stunning good looks and distinct charms, they have effortlessly won the hearts of fans from all over the world.

Fans can look forward to Sébastien Izambard performing a solo song at the upcoming concert from his own solo album 'We Came Here To Love'. Ahead of their visit to Resorts World Genting, the Frenchman said, "We are very excited and thankful to be playing for Malaysians in the upcoming concert. We are very grateful for the love and loyalty we receive as we travel around the world wouldn't happen without their support."

The group has been heavily involved and fully hands on in bringing the new album to life as it is the first since leaving their former label after 15 years. Izambard also said, "We released a new album called *Timeless* which brushes up songs from the 30s, 40s, 50s and 60s. The four of us self-produced our record and each of us definitely brings something different to the band. The dynamic of the group has definitely changed from when we first debuted as we have started being our own managers. We've done a lot of things ourselves from shooting the video and we've received a lot of empowerment through our music." When asked about the secret to maintaining a good voice, he said "Rather than having a good voice, I think it's more important to have a good soul. I believe that having a good voice is singing with the heart rather than with the mind."

The quartet will be bringing the 'Il Divo *Timeless* Tour Live in Genting 2018' to the Arena of Stars, Resorts World Genting on 7 October 2018, 8.30pm for one night only where fans can look forward to their hit songs and some dancing thrown into the mix. Their tour kicks off in Mexico City and will make various stops in various cities in Asia, South Africa, Australia, Latin America as well as the United States of America.

Il Divo is well-known for having pioneered the genre of operatic pop, or "popera", in classical crossover music. The quartet's strength is its remarkable ability to blend operatically-trained vocals and classical music with themes from pop, bolero, folk, tango, sacred and Latin music. They will be performing songs from their latest album, Timeless which they proudly self-produced including their own versions of favourites and classics including Charlie Chaplin's 'Smile' and Adele's 'Hello'.

Tickets will be on sale from 29 June 2018 onwards. Tickets are priced from RM146 (PS4), RM286 (PS3), RM446 (PS2), RM646 (PS1) and RM846 (VIP). All tickets are subject to RM3.80 processing fee. Genting Rewards (GRC) members are entitled for 10% discount, applicable to VIP-PS1 only. Attractive room packages are also available for this concert; please visit www.rwgenting.com for more information.
